Melbourne Osteopathy Sports Injury Centre

March + April 2026

Locate Digital.

Executive summary

April strong — YoY down 5.4% on a softer March

1,598 appointments held across Mar + Apr (vs 1,689 prior year, -5.4% YoY). March came in at 727, recovering from the Jan–Feb trough. April rebounded to 871 — the highest month in the trailing 12-month window.

New-patient growth outpacing flat traffic

95 new patients this period vs 89 last year (+6.7% YoY). AUS website visitors essentially flat: 2,579 (+0.2% YoY). Organic search averaging 776 sessions/month — SEO holding consistent. Visitor-to-new-patient conversion is improving.

Booking funnel converting at 12.8% — room to improve

742 people entered the Cliniko booking page across Mar + Apr (AUS, GA4 Key Events). 95 became new patients — a 12.8% booking-page-to-new-patient rate. The visit-to-booking-page rate is 28.8% (742 of 2,579 AUS visitors). Both steps have meaningful room to improve.
